Here are the answers to the questions and demands during the Chapter Leaders Meeting (CLM) held in August, 2014

Questions and demands by CL	Remarks	Answers
Policy and supervision of Activities Support	Who decides and supervises the direction of Alumni Activities Support	The direction of all support is resolved by the board. The framework of budget: Less than 100,000 yen/ <b>Secretariat</b> 100,000 yen or more but under <b>1,000,000 yen/ CFO of the Board Team</b> <b>Over 1,000,000 yen/ Board Team</b> The audit of the entire Association's accounting is carried out <b>annually</b> by the Auditor.
Policy of Activities Support	Why is the policy of Activities Support created by the board?	Policies regarding the Alumni Association (policies that cross over chapters) as a whole, are created by the Board
Regarding the Budget	Request to share an outlook of the medium and long-term budget	<ul style="list-style-type: none"> <li>• <b>Invest into Chapter-initiated activities with emphasis on self-fulfillment projects.</b></li> <li>• <b>Publish quarterly financial statements.</b></li> </ul>
The relation of positions between the board and the chapters	It seems like the board is above the chapters (like a dictator). Request to have power of veto over the board.	The board implements policies that cross over chapters. On the other hand, the board wants to deepen communication with chapters and reflect on opinions even more.
Improvement of <b>Chapter Accounting Manual</b>	Request to improve because the budget is specially difficult to understand.	<b>CFO</b> and the Head of the Secretariat drafted a proposal in early November 2014. After this, they will request for CL opinions.
Support for Exchange Association between CL	Request to create an Association for CL Exchange.	By establishing RLM (refer to attached document) there is a place for a small number of Chapters to exchange opinions effectively. Also, there is time for exchanging opinions between chapters and the board.
Reconfirm responsibilities of CL	The measures for submitting the CLM Feedback sheets late, etc. CL that do not seem aware of their role.	It is inexcusable if you compare them to CL that fulfill their responsibilities. Considering establishing penalties.
