LET'S HELP UNDERPRIVILEDGED CHILDREN AND LET'S STRENGTHEN OUR FRIENDSHIP

We, the Ritsumeikan APU Alumni Association – Sri Lanka Chapter is organizing a donation program to help children living in extreme poverty in South Western Sri Lanka.

Target beneficiaries of this project:

Children at Rainbow Center, Bentota, Sri Lanka (Their website: http://www.rainbowcentresrilanka.com/)

About Rainbow Center:

Rainbow Center picks the children up by their bus in the morning from where they live (they live on the street, in shacks or in shelters in slum areas) and, sends them to school. When the school finishes, the bus brings the children to the Rainbow Center. They provide extra education, lunch, evening snacks & tea, daily care including medical care and etc. The smaller children will be taken directly to the center in the morning and sent them back to the parents in the evening. Currently, there are around 80 children under this roof. The Rainbow Center's emphasis on educating the children will equip the children with the skills they need to break free from the poverty in which they live. This makes the activities of the center unique, which prompted us to embark on our donation project. Rainbow Center is a government approved project and is under the surveillance of the Ministry of Social Services And Social Welfare.

Our Goal:

As at today, they need below items. Depending on the money we collect, we will decide what we would donate.

1 Washing Machine (approximately US \$ 305)

40 Metal Plates (approximately US \$ 75)

5 Cupboards (approximately US \$ 495)

25 Chairs (approximately US \$ 75)

How can you donate?

We would be most grateful if you could transfer your valuable financial donations to the below accounts by 13th of October, 2013. We will provide a receipt for your contributions as reference once when the program is completed.
